Stafford also benefits from its rail connection links providing intercity services throughout the national network.

DESCRIPTION

The Riverway Centre was constructed to a high standard to provide a prestige three-storey office facility for a major support services company.

The second floor space is now surplus to operational requirements and provides open-plan and partitioned office areas serviced by passenger lifts accessed through a manned reception area. The accommodation includes a kitchen and a break out area with toilet facilities used in common with the occupier of another first floor suite. Tenants also have use of cafeteria on the ground floor when this re-opens.

Features include a raised access floor, three compartment trunking to floor boxes, suspended ceilings with recessed LED lighting, comfort cooling and heating, carpeting and with the reception area manned during core business hours. Out-of-hours access is also permitted. The currently fitted extensive furniture is included.

The availability of the premises provides an ideal opportunity for a potential user to acquire a first class high specification administration centre in a convenient location with no fit-out costs and the benefit of on-site car parking.
