LOCATION

The premises form part of a property prominently situated in the town centre on the east side of Water Street between its junctions with Mill Street and Mill Bank. The town's main line railway station providing inter-city connections throughout the national network is within a short walking distance and the County Court complex is close by. Stafford particularly benefits from excellent motorway communications links with Junctions 13 and 14 of the M6 about three miles equidistant.

DESCRIPTION

The Malthouse is a two-storey brick and tile building dating from 1837 and has been subject to an extensive scheme of refurbishment and renovation to provide two retail units on the ground floor, offices on the upper levels and a basement restaurant with some on-site car parking.

The upper floor space provides two office suites sharing a ground floor entrance, a first floor reception area and male and female W.C. facilities.

Suite No. 1, the larger of the two, includes mezzanine space has now become available and is likely to be of interest to professional and commercial users who require a town centre presence within an attractive period building with the advantage of reserved car parking spaces.
